

CORRESPONDENCE.

East Greenwood.

There is plenty of rain here this season. The weather keeps cool but the crops look well.

A. Fisher is building an addition to his house which will add greatly to the appearance of his farm and also to the neighborhood.

H. J. Wilcox a well-to-do farmer here, has some valuable horses and also a man and team on the road engaged in the egg business and is doing well.

David Eastman is building a large barn to replace the one that burned down last September.

Paul Willey is farming quite extensively this summer. He is a good farmer and we wish him well.

Frank Wilcox has purchased himself a horse and buggy. The horse is young but judging from its appearance, it will make a good driver.

Geo Lock is building a summer kitchen to his house, he also has a store here and is doing well.

Mr Adle is doing well in the mercantile business.

Our school is quite large this summer the average attendance being about fifty-four.

The Sunday School is progressing finely under the management of Mr. Nichols the superintendent. Anox.

Brookway.

It is with sorrow and regret we chronicle the death of Wm. Shannan Jr. who died Sunday morning at 8 o'clock from the effects of an abscess on the side of his head and was only confined to his bed one day, his death came unexpected. He was twenty-one years of age, a steady young man of good habits and well liked by every one that knew him. He will be greatly missed by the family as the principal part of the farm work was depending on him. The parents have the deepest sympathy of all the neighbors and friends in their sad bereavement.

The quarterly meeting held here last Saturday and Sunday in the M. E. church was not very largely attended owing to the short notice of the meeting and the rainy weather. There were several that united with the church.

Dr Wm Gowan is building a very fine residence in the village. He has secured the services of three first-class mechanics under the supervision of R. Lankin, Brookway Centre.

J. W. Gustin is also making some improvements to the village by the construction of a nice large building on the corner opposite Brookway House. We understand the building is to be used as a store and town hall.

William Roberts has rented the Brookway House and has made several improvements to the house. His purpose is to make it pleasant for his guests and customers. Mr. Roberts understands the hotel business and no doubt will make it a success.

D. H. Smith and R. Hamilton are trimming a fine lot of top carriages and platform wagons at W. & J. Harris' carriage shop. Subscriber.

Capac Chips.

The EXPOSITION of last week reached Capac rather late in the week (or rather early—it being Monday) owing doubtless, to the delayed mail matter, about which we have heard so much grumbling. Wonder if it rained so much that Uncle Sam forgot his duty to his fellow creatures?

At last the flood-gates of heaven seem closed, and Old Sol shineth forth in all his glory.

Capac presenteth the picture of a great business metropolis (ahem!) this week. Farmers having nothing else to do, seem to be all of one mind and harness horses, don good clothes, etc. pile in mother and the children and come to town. Makes business lively, and, well, we rather like to see 'em.

Mrs J. A. Smith has removed her stock of millinery to J. B. Cavanaugh's store formerly occupied by the Argus. An ice-cream booth is being erected by the M. E. Society under the supervision of Rev F. E. Pearce and in the vacant space west side of Main street opposite Ed Cohoe's jewelry store. We understand that the society will furnish ice-cream at ten cents per dish to those desiring it twice a week during the summer.

Scott the tailor is little, but the way he turns out the nobby suits for our boys proves him master of the scissors and thread, and then you know the saying, "Precious goods come in small parcels" and (we hope he won't be vain) so does poison.

Malmar Lewis has received the office of night operator at Imlay City. Hal goes with the best wishes of all for success.

And now one of our "village belles" meditates the study of telegraphy in the vain hopes of making a superintendent of some R. R. Co.

"Send us some beef-steaks or we perish!" may be heard through the town and all we have for answer is bah-h-h-hab musically blended with the distant moo-ing of some quadruped for its week-old babe ruthlessly slaughtered by the hand of the butcher to satisfy the longing of a meat-hungry community. Yours sincerely, SWEET BRIAR.

S. B. Hughes, the barber, wishes to inform the public that he is prepared to sell them Organs cheaper and on easier terms than any agent that has ever visited the county, on one year's credit. Instrument warranted to give satisfaction or no sale, Brookway Centre, Mich.
